SHIELA MAE CASTRO

HR MANAGER

Canlubang Techno-Industrial Corporation

Dear Ma'am/Sir:

Part of our curriculum is the On-the-Job Training (OJT) Program, which is to be taken by the students in their senior year. The course provides students the opportunity to see how the principles and techniques that they have learned in the classroom can be applied to companies like yours.

We believe that your company can provide our students with the appropriate environment for their much-needed skills, training, immersion, and experience that would help them prepare for their actual participation and employment with various industries.

In this regard, may we request **Patricia F. Delos Santos**, a student of **City College of Calamba**, be accommodated by **Canlubang Techno-Industrial Corporation**, your company, to complete his/her academic requirements and render the prescribed minimum OJT time which is **600** hours.

We highly appreciate the assistance you could extend to us that would, in the long run, be both beneficial to the student, our institution, and your esteemed company.

Thank you.

Very truly yours,

ARLOU H. FERNANDO, MM-ITM
Dean, Department Computing and Informatics
